CLIMA bisetti

SEASON 2026

NEW COLLEGE

NEW COLLEGE

Descubre NEW COLLEGE, la colección Bisetti 2026 que reinterpreta el espíritu college con una mirada fresca, contemporánea y llena de actitud positiva.
Topos, rombos y cuadros se combinan en una propuesta gráfica coherente donde el color es protagonista. Contrastes vibrantes, juegos de escala y combinaciones inesperadas aportan dinamismo y luminosidad a una colección pensada como un todo. El rombo revisado actúa como icono, pero cada diseño suma identidad y refuerza el carácter del conjunto.
Damos continuidad al pack JOY, con gráficos reinterpretados y nuestros característicos detalles, consolidándolo como un imprescindible de Clima.
Color, geometría y actitud.
Atrévete al contraste. Atrévete a NEW COLLEGE.

Discover NEW COLLEGE, the Bisetti 2026 collection that reinterprets the college spirit with a fresh, contemporary and optimistic attitude.
Polka dots, diamonds and checks come together in a cohesive graphic proposal where colour takes centre stage. Vibrant contrasts, playful scale variations and unexpected combinations bring dynamism and brightness to a collection conceived as a complete universe. The revised diamond motif acts as an icon, while each design strengthens the character of the whole.
The continuation of the JOY pack, featuring reinterpreted graphics and our signature details, confirms it as a Clima must-have.
Colour, geometry and attitude.
Dare to stand out. Dare to NEW COLLEGE.

Diseño Sostenible

Clima toma conciencia de que nadie puede hacerlo todo por nuestro planeta, pero que entre todos, si podemos hacer algo importante. Por eso, una parte significativa de nuestras colecciones, se han fabricado utilizando materiales reciclados y RECYCLABLES, consiguiendo así una reducción muy importante en el consumo de recursos naturales, tales como el agua y gasto energético, además de disminuir notablemente las emisiones de CO2 durante su fabricación.

Sustaintable Design

Clima is well aware that taking care of our planet is a common task in which everyone should be involved. Hence, a significant part of our collections have been made using recycled and recyclable materials, therefore achieving a reduction in the use of natural resources, energetic consumption and CO2 emissions.
